DETAILED ACTION

Response to Arguments

1. Applicant's arguments with respect to claims 1-2, 4-8; 17, 19, 38-40, 43-44; 57, 53-54; 58 have been considered but are moot in view of the new ground(s) of rejection.

Claim Rejections - 35 USC § 112

2. Claims 1-2, 4-8; 43-44; 57, 53-54; 58 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention.

Claims 1, 43, 57, 58 are rejected because there does not seem to be support for a casing outer layer on the interior of the cell consisting essentially of titanium oxide. Claim 9 claimed a casing of titanium which comprised an outer layer consisting essentially of titanium oxide.

3. Claims 17, 19; 38-40 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 10 and 33-35, 37 were cancelled in amendment filed 9-28-06 so claims 17, 19, 38-40 cannot depend from these claims. This makes the claims vague and indefinite.

4. Claims 1-2, 4-8; 43-44; 57, 53-54; 58 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claims 1, 43, 57, 58 are rejected because it is unclear what is meant by "a casing of titanium comprising a casing outer layer on the interior of the cell consisting essentially of titanium oxide". It is unclear where the titanium oxide is present in regard to the titanium because the claim states a casing outer layer and interior of the cell. This makes the claims vague and indefinite.

Allowable Subject Matter

5. Claims 27-28, 31-32, 42, 50-51, 59-60 allowed.

Conclusion

2. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1745

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
